What is the Hospital Caterers Association?

Hospital Caterers Association was one of the first professional associations to be formed within the National Health Service. Inaugurated at a meeting of 25 London Hospital Catering Officers in 1948, it had enlarged to a membership of over 100 by the following year.

As interest grew amongst hospital caterers, the first branches were formed outside London in 1950, those being the North East Branch in Newcastle and the Scottish Branch in Glasgow. In the same year the Association was represented at Hotelympia for the first time.

The Association has continued to grow now having a membership of over 600 members from within catering and hotel services, represented by 15 Branches throughout Great Britain and Northern Ireland. Many senior members now hold positions in General Management, such as Hotel Services, Commercial and Facilities Management.

The Association promotes

- The continued improvement of catering standards in Hospitals and Health Care Services.
- The education and training of persons engaged in the Health Care Services, including the encouragement of persons to join Health Care Services.
- The protection and improvement of the professional interests and status of those engaged in Health Care Catering Services.

It achieves these objectives through:

- A Code of Practice.
- A Code of Conduct.
- National Leadership & Development Forum and Study Days.
- Branch organisation and events – a National Representation of 15 Branches.
- The Hospital Caterers Association Journal, Good Practice Guides and numerous other communications.
- Representation on National Bodies.

Why become a Patron

The Patron scheme has been designed to let companies who wish to meet, or maintain contact with Members of the Association, support activities at Branch level only.

It is the company that becomes the Patron of the Branch. Unlike Associate membership, a company has the advantage to allow any one person from the company to attend meetings of the Branch that has accepted them as Patrons.

Therefore, a different person can attend each meeting; however, only one person can attend on any one occasion.

A company/individual can become Patron to more than that one Branch and must submit an application to each relevant Branch.

1. One representative can attend a Branch Meeting to which the company is Patron, (apart from any closed sessions that are restricted to members). This issue is to be determined by each particular Branch.
2. Notification of dates and venues for Programme and/or Seminar's, (apart from any closed sessions restricted to members).
3. Ability to meet formally and socially and forge links with Branch Members.
4. Ability to host Branch Meetings on company territory.
5. Ability to meet informally with Representatives from other sections of the Catering Industry.
6. Opportunity to contribute to held Branches of the HCA to develop.
7. To receive a copy of the HCA Journal.
8. Ability to develop and maintain an awareness of trends within the Hospital Catering Industry as a whole.
9. A list of all Company Patrons will be published on the HCA Website on a Branch by Branch basis.

The Association offers two levels of Patronage, one for individual Patronage to a specific Branch, or Corporate Patronage which allows a company representative to attend every Branch of the Association.

How to join

You make an application to any Branch of the Association or through the HCA National Officers.

Firstly complete the enclosed application form in this pack. When completed forward it to the Treasurer of your chosen Branch for Branch Patronage applications or for Corporate Patronage applications send the application form to the Honorary National Treasurer.

For Branch Patronage applications the Branch Treasurer will put your application forward to the next Branch meeting for approval. If the approval is given your membership application will then be forwarded to the National Council for final approval.

Corporate Patronage applications will also be forwarded to the National Council for final approval.

Upon approval the Treasurer of your chosen Branch or Honorary National Treasurer will issue an invoice. Upon payment you will be issued with a membership certificate.

What will it cost?

The Associations financial year is from 1st November to 31st October each year. Subscriptions are payable annually on 1st November each year.

The current annual subscription rates for Patron are:

Branch: £100.00 + VAT (the VAT rate differs every year due to items on membership being VAT rated)

Corporate: £1,200.00 + VAT (the VAT rate differs every year due to items on membership being VAT rated)

These rates apply from 1st November 2018.

Payments should be made to the chosen Branch or National as per the instructions shown on the invoice you receive from the applicable Branch Treasurer or Honorary National Treasurer.

Code of professional practice

The Hospital Caterers Association. (hereafter called the Association), requires that Members of the Association:

- Seek to achieve excellence in the management and delivery of the catering services for which they are responsible and when possible, seek to encourage the pursuit of excellence by others.
- Accept that they have a duty to develop their own knowledge and understanding of their profession and activity seek opportunities to improve their competence, by participation in the educational programmes of the Association those offered by other organisations and institutions.
- Share their professional knowledge and experience with other members of the Association, providing support and encouragement when this is likely to achieve beneficial change.
- Help all members of their staff to achieve their full potential by devoting time to coaching them and encouraging the acquisition of appropriate qualifications.
- Take care to avoid bias or prejudice in the planning and delivery of services, in their recruitment practices and in the day to day management of their staff.
- Identify and seek to prevent the acceptance of any proposal that is likely to lead to the reduction of service, quality or safety to a level where the quality of life or welfare of patients and other service users be jeopardised.
- Strive to achieve the maximum efficiency possible in the management and use of resources including active support for joint purchasing arrangements where these are shown to provide best value for public money.
- Maintain staff training programme and diligently operate food handling systems that ensure the food and beverage services for which they are responsible, does not put the health or well being of consumers at risk.
- Collaborate with other health care staff appropriate individuals and agencies in any enterprise that aims to improve health and well being of those served and of the population at large.

Code of conduct

- Conduct their professional and private life in a manner which avoids the risk of bringing themselves or the Association into disrepute.
- Do not exploit their membership or position within the Association for improper personal gain or benefit.
- Accept the discipline accountability which requires that they meet and are seen to display the highest standards of probity and impartiality in their dealings on behalf of their employing Authority.
- Conduct their professional and personal relationships with other members of the Association in a manner which ensures that the work and standards of the Association is enhanced.
- Maintain the highest standards of professional conduct and integrity in all their dealings on behalf of the Association and as individuals with patients, their staff, the public and the media.
